The application for a Certificate of Approval must be signed by all directors of the corporation who are:

- Professional Engineers registered with the Association of Professional Engineers and Geoscientists in the Province of Manitoba (APEGM); and/or
- Registered Members of the Manitoba Association of Architects (MAA).

It is important to note that, as and where voting shares that are held indirectly through another corporate entity either constitute, or contribute to, the majority of voting shares within the corporation, such other corporate entity must **also** hold a Certificate of Approval (and be regulated by the MAA) to satisfy the requirement of beneficial ownership.

At the time of filing application, the following must also be provided:

1. Notarized Articles of Incorporation confirming the information provided in the application. (Note: Non-resident corporations must also provide satisfactory evidence of the Certificate of Registration in the Province of Manitoba.)
2. Written confirmation from the APEGM that:

 - b) the applicable directors, officers and shareholders (as necessary to demonstrate compliance with the requirements) are Professional Engineers registered with the APEGM.
3. The personal written undertaking(s) of any full-time permanent employees or shareholders, who are Registered Member(s) of the MAA and who will carry on or personally supervise, and have professional responsibility for, the practice of architecture by the corporation.
4. A copy of the proposed letterhead to be used by the corporation, which must adhere to Subsection 13.10 of the MAA By-Law.

(Note: The corporate name to be used must adhere to Subsection 13.8 of the MAA By-Law, regarding the names and designations applicable to various entities. To incorporate a name using the word "architect" or any variation thereof in the corporation name, as permitted by Subsection 13.8, it is necessary to file the consent of the Manitoba Association of Architects with the Manitoba Companies Office. A letter of consent can be obtained from the Association office, once satisfactory evidence of compliance has been provided and the MAA's Registration Board has granted approval relative to the corporate name.)

5. Proof of professional liability insurance coverage for the corporation in the minimum amount of \$250,000 and satisfactory evidence that all activities of the corporation, including the practice of architecture by the Registered Member(s) that will be responsible, are covered by the policy.
6. An application fee of \$525.00 (\$500.00 fee plus \$25.00 GST).

Any legal costs incurred by the Association, which result directly from the application and which exceed the amount of the application fee paid by the applicant, will be billed to the applicant as a disbursement.

The annual practice fee and the cost of the corporation stamp are billed to the applicant following approval of the corporation.
