

**Job Title:** Instructor, Architectural Technologies (Part-time, Term)  
**Location:** Moose Jaw, SK  
**Closing Date:** June 20, 2026  
**Apply to:** <https://careers.saskpolytech.ca/postings/63599>

**Job Description:**

Provide instruction to students enrolled in the Architectural Technologies program. Design and implement a student-centered learning environment using an outcome-based approach in either a face-to-face or online delivery mode. Prepare and deliver lessons, assignments, lectures and demonstrations using principles of adult learning. Develop new curriculum, training aids, and materials as needed.

**Qualifications:**

1. Diploma or degree in Architecture, Architectural Technology or related field (i.e. Interior Design).
2. Member of or eligible for membership/certification with IDAS, SAA, APEGS or TPS, at an P. Tech level, as applicable.
3. Five years of experience, 2 years of which are recent/relevant in the related industry.
