

JDB Architectural

ABOUT

JDB Architectural is a small, but experienced architectural office that primarily services design-build construction management offices. We focus on highly detailed design solutions for high end single family residential and small scale commercial clients. JDB Architectural is a tight knit team with with many experienced individuals. We offer employee's the ability to grow within their role and take on additional responsibility, whatever their aspirations may be.

We provide a full service design experience which aims to give clarity & surety when proceeding into construction. We achieve this with a thorough schematic design process, detailed design renderings and diligent construction drawing packages.

We offer our employee's the ability to collaborate on a daily basis with construction management offices and gain valuable real world experience on construction sites and with trade contractors.

Much of our work can be seen at lolacon.com and whitelabelhomes.ca or at [@whitelabelhomes](https://www.instagram.com/whitelabelhomes) on instagram.

WHO WE ARE LOOKING FOR

JDB Architectural is looking to expand its design team. We are in the market for a Registered Architect to help bolster our pre-construction team. This is a role for a registered architect early in their career who wants breadth rather than a narrow lane.

Suitable candidates should have the following core competencies:

- A deep understanding of construction drawings, building science, and how to coordinate with engineers.
- The desire to run projects, interact with clients and manage the pre-construction process.
- 7+ years experience assembling construction drawing packages.
- Minimum 7+ years of experience in professional offices.
- Familiarity with code review and permit applications.
- The knowledge to mark-up drawing sets and provide guidance to younger, less experienced staff.
- Experience in dealing hand-in-hand with construction management and trade contractors.
- Preference given to applicants with experience in Vectorworks.

Interested applicants can send in their resumes to jeff@lolacon.com or call (204) 293-6742
