## Company Description

### **Work with Us. Change the World.**

At AECOM, we're delivering a better world. Whether improving your commute, keeping the lights on, providing access to clean water, or transforming skylines, our work helps people and communities thrive. We are the world's trusted infrastructure consulting firm, partnering with clients to solve the world's most complex challenges and build legacies for future generations.

There has never been a better time to be at AECOM. With accelerating infrastructure investment worldwide, our services are in great demand. We invite you to bring your bold ideas and big dreams and become part of a global team of over 50,000 planners, designers, engineers, scientists, digital innovators, program and construction managers and other professionals delivering projects that create a positive and tangible impact around the world.

We're one global team driven by our common purpose to deliver a better world. Join us.

## Job Description

AECOM Buildings + Places, AECOM's Architectural business, is seeking an Architect to join our team. This position will be based out of our Winnipeg offices with remote/hybrid work options permitted.

AECOM Buildings + Places Canada (B+P Canada) is a vibrant and growing fully integrated team spanning architecture, all the building's engineering disciplines, landscape architecture, urban planning, urban design, economics and asset management for design and infrastructure projects.

#### **Major Responsibilities:**

- Strong, hands-on technical knowledge
- Document review and inter-disciplinary coordination
- Develop or assist in the development of studies, programs, concepts, preliminary and final plans and specifications for projects of varying type and scale
- Prepare, review and approve drawing, specification and other documentation as required. These will range from design presentations documents to technical documents for building permit, tender and construction
- Ensure designs are developed in compliance with client program of requirements and in compliance with local codes, standards and applicable regulations
- Ensure designs are developed in accordance with AECOM processes, design and quality standards
- Lead project coordination with multi-disciplinary teams, both internal to AECOM and external
- Interface with clients, authorities and other project participants as needed to achieve a successful project
- Work with AECOM design offices across the country, including participation in project teams and overall development of the design and technical quality of AECOM projects
- Knowledge of building systems and coordination of building systems design
- Checks own work and the work of others
- Knowledge and familiarity with building codes
- Team player with the ability to work within a team environment
- Experience in field review and contract administration

## **Qualifications**

#### **Minimum Requirements:**

To be considered for this position, candidates must possess, at a very minimum:

- No less than a University Degree in Architecture + Two (2) years of experience as a Registered Architect with the MAA.

## **Additional Information**

- Company paid relocation is not available for this position.
- Sponsorship for Canadian employment authorization is not available for this position.

#### **About AECOM**

AECOM is proud to offer comprehensive benefits to meet the diverse needs of our employees. Depending on your employment status, AECOM benefits may include medical, dental, vision, life, AD&D, disability benefits, paid time off, leaves of absences, voluntary benefits, perks, flexible work options, well-being resources, employee assistance program, business travel insurance, service recognition awards, retirement savings plan, and employee stock purchase plan.

AECOM is the global infrastructure leader, committed to delivering a better world. As a trusted professional services firm powered by deep technical abilities, we solve our clients' complex challenges in water, environment, energy, transportation and buildings. Our teams partner with public- and private-sector clients to create innovative, sustainable and resilient solutions throughout the project lifecycle – from advisory, planning, design and engineering to program and construction management. AECOM is a Fortune 500 firm that had revenue of \$16.1 billion in fiscal year 2024. Learn more at [aecom.com](https://aecom.com).

### **What makes AECOM a great place to work**

You will be part of a global team that champions your growth and career ambitions. Work on groundbreaking projects - both in your local community and on a global scale - that are transforming our industry and shaping the future. With cutting-edge technology and a network of experts, you'll have the resources to make a real impact. Our award-winning training and development programs are designed to expand your technical expertise and leadership skills, helping you build the career you've always envisioned. Here, you'll find a welcoming workplace built on respect, collaboration and community - where you have the freedom to grow in a world of opportunity.

As an Equal Opportunity Employer, we believe in your potential and are here to help you achieve it. All your information will be kept confidential according to EEO guidelines.
