

Architecture49 is a growing firm with promising career opportunities for talented people. Our offices, situated from coast to coast across Canada, house a diverse and accomplished group of architects, interior designers, technologists, landscape architects, and support staff, and we are always looking for new people to enrich our team.

At **A49**, we foster friendly, open working environments where employees can thrive on congenial collaboration. We seek meaningful projects where we can build on our focused expertise and impact the communities in which we work. We strive to build strong relationships with clients and colleagues. We recognize the quality, motivation and commitment of our employees and celebrate their achievements.

Our offices have strong regional legacies, yet we are also a forward-thinking national firm focused on creativity, initiative, quality, sustainability and social responsibility. That sense of social responsibility extends to our employees and our commitment to their well-being and success. We offer a comprehensive benefits package, as well as a share purchase program and RRSP matching program. We value work-life balance and support various fitness and social initiatives. Professionally, we value our employees' contributions and invest in their future, supporting continuous learning to help them develop their skills and expertise as they build and evolve their careers with us.

WINNIPEG

Architecture49 is currently seeking an **Intermediate Architect** to work out of our **Winnipeg** office. This position will be responsible for the following:

RESPONSIBILITIES

- Deliver quality architectural projects while working in a collaborative environment with ability to think outside the box
- Assist with business development initiatives and proposals
- Assist project managers and principals with development of project budgets and schedules
- Ensure projects are completed with high levels of design and technical competency
- Embracing and promoting our key corporate values of Passion, Accountability, Collaboration and Knowledge, as well as environmental and social sustainability

QUALIFICATIONS

- Significant post-qualification experience in the Architecture and Construction Industry
- Registration with Manitoba Association of Architects (MAA), or other Canadian Architectural Association, or eligible for immediate registration
- Eligibility for Canadian Industrial Security Directorate (CISD) clearance
- Experience in laboratory, security & defence facilities an asset but not mandatory
- Proficiency in AutoCAD, Revit and other BIM tools an asset
- A good communicator; able to clearly and confidently present to clients, authorities, and the public

- Excellent organizational and interpersonal skills with the ability to assess and prioritize tasks
- Working knowledge of the National Building Code
- Experience preparing all aspects of Contract Documents
- Experience managing projects through all phases on projects
- LEED Accreditation (with BD+C Specialty) an asset.
