Re: **Seeking Architectural Intern**

About

AtLRG Architecture Inc is growing design office located in Winnipeg Manitoba, with a focus on private development work in multi-family and commercial projects. AtLRG brings a rational, minimalist approach to their design process, rooted in a desire to achieve more with less, and viewing constraints as grounds for innovation that will create opportunities for boldness and excitement.

AtLRG Architecture Inc is currently seeking an enthusiastic and self-disciplined architectural intern to join our growing team. We shall offer the right candidate(s) an excellent opportunity to grow professionally within our practice, with competitive compensation matching the successful candidates skills and experience level.

Responsibilities

The candidate will actively participate in the architectural design process on a variety scales of projects, from schematic design through to construction documents and contract administration. The candidate would work closely with project-lead, developing conceptual designs, presentation material, through to working drawings. the Intern would also assist in costing, code and zoning analysis, coordination, as well as communication with consultants, authorities and clients.

Qualifications

The ideal candidate would have preferably ± 2 years experience professionally and posses some level of proficiency in the following areas:

- Architecture graduate with a preferable minimum of 2 years professional experience.
- Proficiency with Vectorworks, Sketchup, Adobe CS, Vray, and Rhino, as well as Pages & Numbers or like, software packages.
- Working knowledge of the National and Manitoba building code is a must.
- Experience with physical model making as well as laser cutting fabrication process.
- High level of written communication skills and or experience in proposal writing would be an asset.
- Hand-sketching and verbal/written presentation skills.
- Experience in the production of construction documents.
- Strong communication and collaboration skills.
- Self-motivated and resourceful.
- Strong organizational skills, ability to work independently, and problem solving skills.

We thank all those who apply in advance - only qualified candidates shall be contacted for interviews. All inquiries will be kept confidential.
