Intern/Design Associate

Firm Profile

H5 Architecture Inc. is a design-focused architectural practice that strives to produce thoughtful, high-quality architecture. We firmly believe that architectural interventions should be contextually driven, as such, we approach each project with a research first mentality regardless of scale, budget, or program.

Our studio operates with a lean, collaborative team structure, fostering efficient communication and hands-on involvement at every stage of the design and construction process.

Position

We are currently seeking a **Design Associate** to join our close-knit team and contribute to the delivery of thoughtful, project specific architectural solutions from concept to completion.

As a **Design Associate**, you will play a key role in a range of project types and scales, with an immediate focus on educational and multi-family residential work. You will work closely with clients, consultants, and internal team members, contributing to all phases of design and documentation.

These responsibilities will include:

- Contribute to the design and development of architectural projects from initial concept through construction.
- Prepare construction drawings, specifications, and project documentation.
- Produce field reports, meeting minutes, and presentation materials.
- Create physical and digital models, renderings, and graphic content.
- Coordinate with clients, consultants, and other stakeholders.

Qualifications

Education and Experience:

- M.Arch, or equivalent Technical Degree in Architecture.
- Currently enrolled in the Architectural Internship Program, or be eligible to enroll.
- Minimum two years experience working in an Architectural office.

The ideal candidate will demonstrate:

- Strong conceptual design abilities and creative problem-solving skills.
- Proficiency with BIM software (ArchiCAD experience is a strong asset).
- Strong graphic design and presentation skills (Adobe Creative Suite: Photoshop, Illustrator, InDesign).
- Experience with 3D modeling/rendering tools (SketchUp, Rhino, Grasshopper).
- Excellent verbal and written communication skills.
- Ability to work collaboratively in a team environment, as well as independently.
- Comprehensive understanding of local building materials, construction methods, and detailing.
- Familiarity with the National and Manitoba Building Codes and the City of Winnipeg Zoning By-law.
- Strong organizational skills and the ability to manage multiple priorities and deadlines.

Compensation

We offer a competitive salary based on experience and qualifications, along with a comprehensive benefits package, including health, dental, vision, and disability insurance, at no cost to the employee.

Apply

If you're passionate about design and think you'd be a great fit for our studio, please send your cover letter, CV, a design portfolio with work samples, in confidence to **info@h5architecture.ca**, with "**Design Associate Application**" in the subject line.

We thank all applicants for their interest, however, only those selected for an interview will be contacted.
