

Architects

We are looking for architects for exciting and challenging career opportunities.

We . . .

Are an established architectural firm and affiliated interior design group with work across Western Canada
Have an extensive 30 year firm history including primarily commercial projects and a variety of other project types
Provide support for self development to achieve the highest level of quality work
Learn from each other and invest in the growth of each person
Have a collaborative approach that allows individuals to contribute based on their own strengths
Offer excellent experience and learning opportunities

. . . and what We offer

Exceptional range of experience on projects from design to technical construction detailing to contract administration
Support, teaching and shared knowledge from our most experienced people and principals at every stage of project development
Learning environment for you to grow and develop as a consummate professional
Opportunity to be your best and develop into a senior position in our office

You . . .

Are ambitious to learn in a collaborative and dynamic architectural practice
Have initiative to develop as a professional
Have a high level of self motivation
Take on challenges with enthusiasm and determination to get results
Thrive in a team oriented environment

. . . and what You will do

Develop a project from start to finish
Be responsible for high quality work

If you want to be part of an encouraging and supportive team of dedicated professionals, we welcome your application.
