## Project Architect – Multi Family Housing

We are seeking a Project Architect, with a passion for good design. A focus on community building, health, wellness and sustainability is of great importance to us.

If you are a registered architect, have a three to five years of relevant experience working with key stakeholders on Multi Family Housing projects, demonstrate your contributions to the ongoing services of project programming, planning and design development of complex, healthy, community focused spaces, then please contact us.

You will be part of a team of talented professionals and ensure ft3 projects continue to provide value thru practical and cost effective solutions for user engaged clients while demonstrating a high level of design sensitivity.

Experience with Revit, LEED (Homes or BD+C) and Passive House are considered to be an asset.

Compensation is based on experience and ft3 offers a pension matching program, a great work environment, and a comprehensive health and dental package. To apply, please send your cover letter, resume and an abbreviated portfolio (if available) to Marten Duhoux [duhoux@ft3.ca](mailto:duhoux@ft3.ca). We thank all applicants for their interest, however, only those selected for an interview will be contacted.
