

Architect (Bilingual English/French)

About Republic

Republic Architecture Inc. is a creative and inclusive team. We are passionate about our work and committed to a collaborative approach to design and practice. Driven by the journey, we utilize an explorative process that connects all the right people around the table. Our desire to produce thoughtful and sustainable projects that engage the public is at the heart of everything we do.

Position

We are looking to add an **Architect** who is **bilingual in English and French** to our growing team, to both lead and support a variety of project types through all phases of design and construction. This position includes:

- Managing the building design process from project inception through to completion;
- Programming, strategic and space planning, conceptual exploration, and design development;
- Continually improving design quality by providing thoughtful solutions to design problems;
- Working on a variety of cultural, defence, educational, and wellness projects across the globe;
- Collaborating alongside a broad, multidisciplinary consultant team and our client groups; and
- Balancing a desire for design excellence, sustainability, and cost effectiveness.

Qualifications

Preference will be given to a well-rounded individual who strives to push design innovation through responsible and sustainable architecture and has demonstrated success in producing building projects. The ideal candidate will have:

- Registration with the provincial architectural association;
- A professional degree in architecture;
- Minimum five years of experience;
- Revit, AutoCAD, skills are required other BIM tools are an asset;
- Exemplary design skills;
- Strong analytical and problem-solving skills and excellent leadership qualities;
- Excellent written and verbal communication skills with a focus on effective collaboration; and
- A proven track record of maintaining high quality standards while working to tight deadlines.
